"I GAVE little thought to my health," writes Mrs. Wm. V. Bell, 230 N. Walnut St., Canton, O., to Mrs. Pinkham, "until I found myself unable to attend to my household duties."

"I had had my days of not feeling well and my monthly suffering, and a good deal of backache, but I thought all women had these things and did not complain.

"I had doctored for some time, but no medicine seemed to help me, and my physician thought it best for me to go to the hospital for local treatment. I had read and heard so much of your

Vegetable Compound that I made up my mind to try it. I was troubled with falling of the womb, bed sharp pains in ovaries, leucorrhœa and painful menses. I was so weak and dizzy that I would often have severe fainting spells. I took in all several bottles of Lydia E. Pinkham's Vegetable Compound and Blood Purifier and am now in good health. I wish others to know of the wonderful good it has done me, and have many friends taking it now. Will always give your medicine the highest praise."

Mrs. A. Totte, 1946 Hilltop St., Philadelphia, Pa., writes:

"DEAR MRS. PINKHAM—
I was very thin and my friends thought I was in consumption. Had continual headaches, backache and falling of womb, and my eyes were affected. Every one noticed how poorly I looked and I was advised to take Lydia E. Pinkham's Vegetable Compound. One bottle relieved me, and after taking eight bottles am now a healthy woman; have gained in weight 95 pounds to 140 pounds, and everyone asks what makes me so stout."
